Program: Tracy Boyce – Feng Shui expert – www.tracyboycefengshui.com

Tracy is an internationally known expert in the practice of Feng Shui which actually means wind and water. Feng Shui is not necessarily about the placement of items in your home and office but more about directionology (as she puts it). It is about enhancing your life. She noted that 90% of her customers are satisfied (good for any business).

- Feng Shui started in India not China
- Yes the bathroom location is a key area on which to focus in a house or office.
- Tracy offered one lucky winner (who turned out to be Judy White) a free one hour consultation.

For more information please visit Tracy's website noted above.

See you Friday April 17th (NOT THIS FRIDAY!) at Tiburon Mark
