Guests/Visiting Rotarians

Announcements

1. Thanks to those who helped with the Memorial Day Parade—Karen, both Paul's and Judy.
2. Applause to Richard for a job well done on the craft fair. We should net around \$7000 which is great. Big thanks to Patty and her team who worked on the silent auction. Also, thanks to Pat and Judy for spending the day with Richard.
3. 3, \$1000 scholarships were awarded to WHS students at the ceremony on Thursday.
4. Appears we will be at the Tuscan Oven for the next few weeks with a Club assembly on June 12 to discuss lunch and dues issues—among other things.
5. June 18 will be a Board meeting.
6. June 23 is the Annual dinner at the Silvermine Golf Club. Group photo at around 6:45pm
7. Rose sale is still on for June 12? And we could use some help as Bob Mill's father passed away and he is dealing with that right now. Our condolences and prayers to Bob and his family.
8. We helped out a Wilton family who was having trouble with bills and threat of no electricity--\$500 gift.
9. Our Area in the district needs a new GSE representative for next year. Frank will be busy next year and time for someone new to be involved with this worthwhile district endeavor. See Frank for more info as to the duties.

Program and comments:

Here we are again at Tuscan Oven and the room was better with the door; table setup still a little hard to have a conversation, but the lasagna was tasty....just my comments.

John Dempsey joined us to discuss Forensic Accounting, Corporate greed and fraud and occupational abuse. Very interesting comments and stories told by John of how and what people do to steal and swindle and how each year the losses could be as much as a Trillion dollars! Many of these folks are first time offenders so harder to "not hire" and John sees more women perpetrating these crimes. Also, interesting that "tips" from employees usually lead to the investigations. Fascinating stories and John feels that many people knew about and/or helped Madoff.

See you soon Pam
