### PROGRAM: Derrel Mason – A Better Chance of Wilton

Derrel is a current Co-President of the 22 year-old Wilton ABC. With a house in the Center and a house in Cannondale, each year Wilton ABC provides an opportunity for ten to fourteen visiting teenage scholars to attend Wilton High School. In addition to housing and meals, ABC provides social and educational support to ensure each scholar's success. The program provides an opportunity for the visiting scholars to enhance their chances of attending college. Scholars, in turn, contribute to the community serving as volunteers at community events. Wilton ABC depends on volunteers to manage and maintain the two houses. Volunteers also act as host families providing a home away from home for each of the ABC scholars.
