July 31, 2015

Vol. 35, No. 4

Editor: Laila Khouri

Announcements:

- President Richard opened the meeting with 13 Rotarians present
- Richard announced that we are in the process of updating our web site and to email any pictures that we would like posted to Pat.
- We are also looking for a committee and a leader for our "Adopt a Spot" project. Please let Richard know if you are interested.
- The Stratford golf tournament is scheduled for September if any members are interested in attending and the Knights of Columbus have their annual wine tasting on August 7th
- Andy requested that any members who have not paid their annual dues to do so soon and the same for any money owed to the Rose sale and the ads for the Craft Fair Bulletin.
- Pat Russo: The dates for the carnival are September 18-20; he is still looking for help with the ticketing booth. Touch a truck is on the same weekend and the Lions Club is holding their carnival in August and this could affect our own carnival revenue. Reminder that whoever purchased a banner last year can display it again this year at a cost of \$200. New Banners will be \$250. Last year we had approximately \$5000 in new banner sales and would like to do the same if not more this year.

Program:

Our guest speaker was Eric Glass; he recently graduated from Gettysburg College and spoke to us about his experience with Rotaract, which is part of Rotary International. Eric was a member for 4 year and was the Publicity Manager for the club. The club focused on community projects such as: Adopt a highway, helping at the homeless shelter, Campus cleanup and read across America.

****Next Meeting on August 7 at Marley's**
