Program

Kevin Marino, account representative with "Shop to Earn," a shopping portal on the Internet that provides a fundraising mechanism for non-profit organizations, spoke to us about the service. Essentially, an organization like Rotary pays a one time fee of \$349 to get a web portal set up through which supporters of the organization gain access to a wide range of on line shopping sites. Twelve percent of the purchase amount on these sites gets reverted back to the organization. Check it out at www.shoptoearn.net.

See you Friday at Portofino.....Bill
