8. **Honors for members:** Congratulations to Mark Koler on his firm's 'Innovation' award from the Direct Marketing Association, and to Dr. Keith Overland, for being named president of the American Chiropractic Association.

Today's Program

William Peltz, a retired educator and a representative of "Soar for Success," an organization that provides personalized tutoring services for children and teens, spoke to us about how we retain and process information, and what happens in the brain when we learn something.

See you Friday at Marley'sBill
