### **Program**

Thanks to all who attended and listed to Karen and myself tell you all you ever needed to know about the Rotary Foundation...we were afraid you would not come to see us!! The Foundation is important to our Club because we may be able to get some funds to do some worthwhile projects here and abroad. We were able to get funds recently for Amber Alert and Kick for Nick and maybe could partner with a club abroad to work on a larger project. In order for the Foundation to be able to supply grants and money to our district, we need to contribute. We were ranked 41 out of 63 last year in our giving and would like to improve that number this year. Everyone should consider a contribution of \$100---every Rotarian, every year--- this money you contribute may also be used by you, when you reach \$1000, to award a Paul Harris Fellow to a family member. Your contributions should be made by either giving a check to me, in December, or going to the website [www.rotary.org](http://www.rotary.org), contribute and use your credit card. District 7980, Club 6761 and if you would like your member number,

I have that also. Again, I would like to thank Karen for putting the presentation together and hope we can count on your support.

***See you soon Pam***
